Profile

Service and UX designer with an MSc in Design Innovation from Maynooth University and 2 years of industry experience. Experienced in qualitative design research, including stakeholder interviews, user interviews, usability testing and thematic analysis, and in synthesizing messy findings into insight and end-to-end service concepts that teams can act on. Designed, prototyped and tested services with real communities in Ireland, from student-run blood-donation drives to Liberties residents in Dublin, working closely with stakeholders and iterating designs based on their feedback.

Projects

The Kept Promise | *MSc Dissertation · Service Design & UX Research*

- A service tackling blood-donor drop-off in student-run donation drives - why first-time donors never return, and how to bring them back.
- Conducted six stakeholder interviews and thematic analysis to make sense of the service breakdowns behind blood-donor drop-off, translating qualitative insights into an end-to-end service concept.
- Designed, prototyped and tested the service through "The Callback," a working web application, iterating it based on real-world coordinator feedback and usability findings.

Spot-to-Plot | *Community Service Design* Liberties, Dublin

- Designed a coordination tool helping Liberties residents turn neglected corners into community-owned green spaces - pin a micro-plot, gather ideas, rally student volunteers.
- Tested the service with residents, then rebuilt it from a polished app into a lighter, grassroots-friendly layer that works with how the community already organizes.

Lullymore Heritage Park | *Interactive Family Map* Lullymore, Kildare

- Designed a mobile app turning a sprawling heritage park into a guided, playful journey for families, taken from visitor research through to an interactive prototype.

Work Experience

Associate UI/UX Designer Jul 2023 – Aug 2025
Mewurk Technologies *Bengaluru, India*

- Conducted interviews and usability testing with HR administrators, managers and employees, synthesizing qualitative findings into actionable insights and design decisions.
- Owned the end-to-end UX process across assigned modules, creating user flows, wireframes, interactive prototypes and development-ready high-fidelity interfaces in Figma.
- Collaborated with product stakeholders and developers to refine requirements, validate design feasibility and support implementation across desktop and mobile experiences.
- Designed a Partner Portal from the ground up for Sales and Customer personas, creating dashboards and workflows for leads, partners and customers while iterating designs based on stakeholder feedback.
- Designed and shipped responsive web and mobile experiences for core HRMS products including Task Management, Timesheet, Leave and Attendance, translating user and business requirements into intuitive digital workflows.
- Worked within existing product patterns and reusable components to maintain consistency across the HRMS platform while identifying opportunities to improve workflows and interaction patterns.

UI/UX Designer Intern Aug 2021 – Dec 2021
Tatos Technologies *Kerala, India*

- Conducted user research for a news application and synthesized the findings into a documented case study that guided design decisions.
- Delivered the full UX process for an education-sector CRM aimed at schools - research, user flows, wireframes, and high-fidelity prototypes.
- Produced marketing posters and graphics that supported the company's branding and campaign outreach.

Technical Skills

Tools: Figma, Adobe Photoshop, Adobe Illustrator, Adobe XD
Design: User Research, User Interviews, User Journeys, Prototyping, Usability Testing, User-Centered Design, User Flows, Wireframing, Interaction Design, Information Architecture
Research & Analysis: Qualitative Research, Thematic Analysis, Research Synthesis, Surveys, Basic Data Analytics

Education

Maynooth University — Ireland
MSc Design Innovation — *Sep 2025 – Oct 2026*

APJ Abdul Kalam Technological University — Trivandrum, India
Bachelor of Technology in Computer Science and Engineering — *Jul 2019 – Jun 2023*

- Institution: Model Engineering College, Kochi
- GPA: 7.7/10.00 (First Class with Distinction)

Leadership and Community

- **Design & Community:** Event Management Volunteer, Design Brew
- **Achievement:** 2nd Place, Code Innovation Series Hackathon, GitHub × IncubateIND
- **Leadership:** Chief Design Officer, IEDC MEC · Design Head, College Magazine · Millennium Campus Fellow
