Profile

UX/UI designer with 2 years of industry experience designing and shipping web and mobile applications, supported by an MSc in Design Innovation from Maynooth University. Experienced across the full design lifecycle, from user research, interviews and usability testing through user flows, wireframes and interactive prototypes to high-fidelity UI in Figma. Strong at using reusable components, variants and auto layout to keep products consistent, and used to collaborating closely with developers and explaining design decisions to stakeholders.

Technical Skills

Tools: Figma, Adobe Photoshop, Adobe Illustrator, Adobe XD
Design: Wireframing, Prototyping, User Flows, UI Design, User Research, User Interviews, Usability Testing, Interaction Design, Responsive Design, Information Architecture, User Journeys, User-Centered Design
Design Systems: Components, Auto Layout, Variants, Reusable Patterns, Responsive Components
Research & Analysis: Surveys, Qualitative Research, Thematic Analysis, Research Synthesis, Basic Data Analytics

Work Experience

Associate UI/UX Designer Jul 2023 – Aug 2025
Mewurk Technologies *Bengaluru, India*

- Designed and shipped responsive web and mobile experiences for core HRMS products including Task Management, Timesheet, Leave and Attendance, translating user and business requirements into intuitive digital workflows.
- Owned the full design lifecycle across assigned modules, from user flows and wireframes to interactive prototypes and development-ready high-fidelity UI in Figma.
- Conducted interviews and usability testing with HR administrators, managers and employees, synthesizing feedback into actionable UX improvements and interface decisions.
- Maintained consistency across the HRMS platform using existing product patterns and reusable components, while identifying opportunities to improve workflows and interaction patterns.
- Collaborated with developers and product stakeholders to refine requirements, validate design feasibility and support accurate implementation across desktop and mobile experiences.
- Designed a Partner Portal from the ground up for Sales and Customer personas, creating dashboards and workflows for leads, partners and customers while iterating designs based on stakeholder feedback.

UI/UX Designer Intern Aug 2021 – Dec 2021
Tatos Technologies *Kerala, India*

- Delivered the full UX process for an education-sector CRM aimed at schools - research, user flows, wireframes, and high-fidelity prototypes.
- Conducted user research for a news application and packaged the findings into a documented case study that guided design decisions.
- Produced marketing posters and graphics that supported the company's branding and campaign outreach.

Projects

The Kept Promise | *MSc Dissertation · Service Design & UX Research*

- A service tackling blood-donor drop-off in student-run donation drives - why first-time donors never return, and how to bring them back.
- Conducted six stakeholder interviews and thematic analysis to identify service breakdowns contributing to blood-donor drop-off, translating research insights into an end-to-end digital service concept.
- Designed, built and tested "The Callback," a working web application, iterating the experience based on real-world coordinator feedback and usability findings.

Spot-to-Plot | *Community Service Design* Liberties, Dublin

- Designed a coordination tool helping Liberties residents turn neglected corners into community-owned green spaces - pin a micro-plot, gather ideas, rally student volunteers.
- Rebuilt it from a polished app into a lighter, grassroots-friendly layer after resident testing, so it works with how the community already organizes.

Lullymore Heritage Park | *Interactive Family Map* Lullymore, Kildare

- Designed a mobile app turning a sprawling heritage park into a guided, playful journey for families, taken from visitor research through to an interactive prototype.

Education

Maynooth University Ireland
MSc Design Innovation *Sep 2025 – Oct 2026*

APJ Abdul Kalam Technological University Trivandrum, India
Bachelor of Technology in Computer Science and Engineering *Jul 2019 – Jun 2023*

- Institution: Model Engineering College, Kochi
- GPA: 7.7/10.00 (First Class with Distinction)

Leadership and Community

- **Design & Community:** Event Management Volunteer, Design Brew
- **Achievement:** 2nd Place, Code Innovation Series Hackathon, GitHub × IncubateIND
- **Leadership:** Chief Design Officer, IEDC MEC · Design Head, College Magazine · Millennium Campus Fellow
