Profile

UX/UI designer with 2 years of industry experience making complex workflows simple for everyday users across web and mobile, supported by an MSc in Design Innovation from Maynooth University. Experienced in designing dashboards and core user flows, running user interviews and usability testing, and turning what users say into design improvements. Strong at prototyping and high-fidelity UI in Figma with reusable components, and at documenting the process from research to final screens.

Technical Skills

Tools: Figma, Adobe Photoshop, Adobe Illustrator, Adobe XD
Design: User Research, Usability Testing, User Flows, Prototyping, UI Design, Wireframing, Interaction Design, User Interviews, Information Architecture, Responsive Design, User Journeys, User-Centered Design
Design Systems: Components, Variants, Auto Layout, Reusable Patterns, Responsive Components
Research & Analysis: Surveys, Qualitative Research, Thematic Analysis, Research Synthesis, Basic Data Analytics

Work Experience

Associate UI/UX Designer Jul 2023 – Aug 2025
Mewurk Technologies *Bengaluru, India*

- Designed a Partner Portal from the ground up for Sales and Customer personas, creating dashboards and workflows for leads, partners and customers while iterating designs based on stakeholder feedback.
- Ran interviews and usability testing with HR administrators, managers and employees, turning findings into actionable UX improvements and interface decisions.
- Designed and shipped responsive web and mobile experiences for core HRMS products including Task Management, Timesheet, Leave and Attendance, turning user and business requirements into simple, intuitive workflows for everyday users.
- Owned the end-to-end UX process across assigned modules, creating user flows, wireframes, interactive prototypes and development-ready high-fidelity interfaces in Figma.
- Kept the HRMS platform consistent using existing product patterns and reusable components, while identifying opportunities to simplify workflows and interaction patterns.
- Collaborated with product stakeholders and developers to refine requirements, validate design feasibility and support implementation across desktop and mobile experiences.

UI/UX Designer Intern Aug 2021 – Dec 2021
Tatos Technologies *Kerala, India*

- Delivered the full UX process for an education-sector CRM aimed at schools - research, user flows, wireframes, and high-fidelity prototypes.
- Conducted user research for a news application and packaged the findings into a documented case study that guided design decisions.
- Produced marketing posters and graphics that supported the company's branding and campaign outreach.

Projects

The Kept Promise | *MSc Dissertation · Service Design & UX Research*

- A service tackling blood-donor drop-off in student-run donation drives - why first-time donors never return, and how to bring them back.
- Conducted six stakeholder interviews and thematic analysis to identify service breakdowns contributing to blood-donor drop-off, translating research insights into an end-to-end digital service concept.
- Designed, built and tested "The Callback," a working web application, iterating the experience based on real-world coordinator feedback and usability findings.

Spot-to-Plot | *Community Service Design* Liberties, Dublin

- Designed a coordination tool helping Liberties residents turn neglected corners into community-owned green spaces - pin a micro-plot, gather ideas, rally student volunteers.

- Rebuilt it from a polished app into a lighter, grassroots-friendly layer after resident testing, so it works with how the community already organizes.

Lullymore Heritage Park | *Interactive Family Map* Lullymore, Kildare

- Designed a mobile app turning a sprawling heritage park into a guided, playful journey for families, taken from visitor research through to an interactive prototype.

Education

Maynooth University Ireland
MSc Design Innovation *Sep 2025 – Oct 2026*

APJ Abdul Kalam Technological University Trivandrum, India
Bachelor of Technology in Computer Science and Engineering *Jul 2019 – Jun 2023*

- Institution: Model Engineering College, Kochi
- GPA: 7.7/10.00 (First Class with Distinction)

Leadership and Community

- **Design & Community:** Event Management Volunteer, Design Brew
- **Achievement:** 2nd Place, Code Innovation Series Hackathon, GitHub × IncubateIND
- **Leadership:** Chief Design Officer, IEDC MEC · Design Head, College Magazine · Millennium Campus Fellow
