Profile

UX/UI Designer with 2 years of industry experience owning the end-to-end design of responsive web and mobile products, from concepts and wireframes to production-ready interfaces in Figma, supported by an MSc in Design Innovation from Maynooth University. Designed dashboards and workflows for a Partner Portal, worked within a design system of reusable components, and produced marketing posters and graphics. Strong at presenting design decisions, iterating on stakeholder feedback and collaborating closely with developers.

Work Experience

Associate UI/UX Designer Jul 2023 – Aug 2025
Mewurk Technologies *Bengaluru, India*

- Owned the end-to-end design process across assigned modules, from concepts, user flows and wireframes to interactive prototypes and production-ready high-fidelity interfaces in Figma.
- Designed a Partner Portal from the ground up for Sales and Customer personas, creating dashboards and workflows for leads, partners and customers, presenting and iterating designs based on stakeholder feedback.
- Designed and shipped responsive web and mobile experiences for core HRMS products including Task Management, Timesheet, Leave and Attendance, translating user and business requirements into intuitive digital workflows.
- Worked within the design system of reusable components and product patterns to keep the HRMS platform visually consistent, while identifying opportunities to improve workflows and interaction patterns.
- Collaborated with product stakeholders and developers to refine requirements, validate design feasibility and support implementation across desktop and mobile experiences.
- Conducted interviews and usability testing with HR administrators, managers and employees, synthesizing findings into actionable UX improvements and interface decisions.

UI/UX Designer Intern Aug 2021 – Dec 2021
Tatos Technologies *Kerala, India*

- Delivered the full UX process for an education-sector CRM aimed at schools - research, user flows, wireframes, and high-fidelity prototypes.
- Produced marketing posters and graphics that supported the company's branding and campaign outreach.
- Conducted user research for a news application and packaged the findings into a documented case study that guided design decisions.

Technical Skills

Tools: Figma, Adobe Illustrator, Adobe Photoshop, Adobe XD
Design: User Research, User Interviews, Usability Testing, User Flows, User Journeys, Wireframing, Prototyping, Interaction Design, Responsive Design, UI Design, Information Architecture, User-Centered Design
Design Systems: Components, Variants, Auto Layout, Reusable Patterns, Responsive Components
Research & Analysis: Surveys, Qualitative Research, Thematic Analysis, Research Synthesis, Basic Data Analytics

Projects

The Kept Promise | *MSc Dissertation · Service Design & UX Research*

- A service tackling blood-donor drop-off in student-run donation drives - why first-time donors never return, and how to bring them back.
- Conducted six stakeholder interviews and thematic analysis to identify service breakdowns contributing to blood-donor drop-off, translating research insights into an end-to-end digital service concept.
- Designed, built and tested "The Callback," a working web application, iterating the experience based on real-world coordinator feedback and usability findings.

Spot-to-Plot | *Community Service Design* Liberties, Dublin

- Designed a coordination tool helping Liberties residents turn neglected corners into community-owned green spaces - pin a micro-plot, gather ideas, rally student volunteers.
- Rebuilt it from a polished app into a lighter, grassroots-friendly layer after resident testing, so it works with how the community already organizes.

Lullymore Heritage Park | *Interactive Family Map* Lullymore, Kildare

- Designed a mobile app turning a sprawling heritage park into a guided, playful journey for families, taken from visitor research through to an interactive prototype.

Education

Maynooth University Ireland
MSc Design Innovation *Sep 2025 – Oct 2026*

APJ Abdul Kalam Technological University Trivandrum, India
Bachelor of Technology in Computer Science and Engineering *Jul 2019 – Jun 2023*

- Institution: Model Engineering College, Kochi
- GPA: 7.7/10.00 (First Class with Distinction)

Leadership and Community

- **Design & Community:** Event Management Volunteer, Design Brew
- **Achievement:** 2nd Place, Code Innovation Series Hackathon, GitHub × IncubateIND
- **Leadership:** Chief Design Officer, IEDC MEC · Design Head, College Magazine · Millennium Campus Fellow
