Your Name

+00 000 000 0000 | you@example.com | LinkedIn | Portfolio

Education

Example University — Example City
MSc - Your Degree Subject — *Sep. 2024 – Sep. 2025*

Example College — Example Town
BSc - Your Undergraduate Subject — *Sep. 2020 – June 2024*

Experience

Your Job Title — Jan 2025 – Present
Example Company — *Remote*

- Built and maintained a design system of reusable components and styles, keeping screens consistent across the product.
- Designed user flows and screens for the example product, working closely with the engineering team.
- Ran usability tests with customers and turned the findings into design changes.

Your Previous Job Title — June 2024 – Dec 2024
Another Example Company — *Example City*

- Created prototypes in Figma to test new ideas before they were built.
- Worked with the marketing team on visual assets for product launches.

Projects

Example Project | *Web App* | Website — 2025 – Present

- Designed and built a small web app on my own, from first sketches to a live release.
- Talked to early users and used their feedback to decide what to build next.
